## The Town Council

The council is taking the steps to  
insure the necessary number of by-  
draws to satisfy the under writers in  
order to secure the favorable rates for  
Claresholm. Aside from this fact it  
will be that much added security to  
the homes and business places of the  
town, for the man who doesn't want a  
hydrant close to his property has yet  
to be located.

The council have also instructed  
the superintendent to put in a water-  
ing trough for the use of farmers in  
wintering their horses when they come  
to town. The councillors are proceed-  
ing on the wise policy that the more  
pleasant it is made for farmers to  
come to town the more they will be  
satisfied to make Claresholm their  
marketing place. The wisdom of this  
policy will be apparent to all and  
doubtless will be fully appreciated by  
the farmers. The business men of  
Claresholm are prepared to do all they  
can for the accommodation of farmers  
trading here. The watering trough  
will be placed at some convenient  
corner and the use of the water will  
be absolutely free to the farmers and  
stock men.

There were a number of interesting  
business items at the meeting of  
council last Thursday the chief item  
being a discussion of the proposal to  
serve Knob Hill people with water  
from the old wells. That is dealt  
with in another column as it took  
three meetings to finally dispose of  
the question.

People who own poultry of any  
kind and living within the corporation  
limits of the town of Claresholm have  
in future to keep them locked up from  
May 1st to October 1st. The by-law  
providing for this was introduced by  
Councillor Bowen seconded by Coun-  
cillor Holmes. People who go to the  
trouble of trying to keep their fowls  
in the back yard or in the back of the  
house, pigeons etc. under all the  
work they contracted a back ache  
during the day previous. Owners of  
hens which are not now confined be-  
hind chicken wire had better get busy  
as there seems to be a determination  
to enforce this law. It isn't proposed  
to stop at chickens. The ducks,  
turkeys, pigeons and other feathered  
animals come under the ban.

It has been decided to put a tele-  
phone in the house of Fire Chief Ed-  
wards to make it easier for the public  
to reach him in the event of a fire.  
The council would appreciate it if all  
who want water service pipes connect-  
ed with their property would like to  
have them made application immediately.  
There is a desire to have as much of  
this work done this season as is  
possible.

## Here Is A Splendid Move

A move is on foot to re-organize  
the Claresholm brass band and at a  
meeting in the fire hall on Tuesday  
night the move took definite shape.  
Mr. H.O. Holman presided and Mr.  
George Reynolds appointed sec. After  
a discussion in which everyone  
expressed the opinion that it would  
be a fine thing for the town to have a  
good band, committees were appointed  
to obtain certain information and the  
definite organization will take  
place at a meeting to be held Thurs-  
day, June 30th, at the Fire hall. The  
town owned a number of instruments  
but they were apparently not very  
well taken care of and an effort is now  
to be made to locate as many as pos-  
sible of them. A good band is a fine  
advertisement for a town and besides  
a great pleasure to the citizens. The  
use of a band has been felt on var-  
ious occasions and if there was one it  
would be frequently engaged. There  
are fifteen or twenty young men in  
town at present who are musically in-  
clined and have had band experience  
and if the instruments can be got  
there will be no trouble in having a  
splendid band. A number of busi-  
ness men when spoken to were enthusias-  
tic and promised support.

Mrs. Moir of Almonte, Ont. is the  
guest of her daughter Mrs. Eric  
Moffatt. She is accompanied by  
Miss Moir.

## TO MEET IN CLARE- SHOLM.

The Grand Lodge, Knights  
of Pythias in session at Lethi-  
bridge decided to meet in Clare-  
sholm in 1911. The invitation  
was presented by representative  
T. F. Mosely and supported by  
representatives C. J. Braren,  
J. B. Boser and George Farrer.

## A Profitable Investment

Mr. W. P. Teskey three months ago  
bought three lots in the block in  
Calgary formerly occupied by the  
Cushing mills on First street west  
and Eleventh avenue. On Friday  
last Mr. Teskey sold the lots and  
after paying all commissions and other  
expenses cleared up a net profit of  
\$16,550. This made one of the hand-  
somest turnovers in real estate chron-  
icled in Calgary for some time and  
shows that the man with the money  
to handle inside stuff can make a  
fortune in a very few weeks. The  
Cushing property is about the best  
located in the city and immense profits  
have been made in the past few weeks  
by those who bought there early.  
One Calgary man who took five  
lots at \$45,000 and sold them for  
\$70,000. Mr. Teskey has made some  
excellent investments since getting  
from the hardware business here and  
hasn't bought a foot of land that is not  
rising rapidly in value.

## Knob Hill Water Supply

It was expected that there would be  
a special meeting of the council this  
week to discuss the water supply  
for Knob Hill but it had not been  
called up at press hour. There was a  
feeling that the council would likely  
grant the request that water be sup-  
plied from the old wells. There was  
a big deputation at the council on  
Thursday last but nothing was de-  
cided then owing to there being too  
much variance on the matter. Since  
then matters have adjusted themselves  
more satisfactorily and the latest  
rumor credited the council with a  
disposition to meet the Hill residents  
as far as possible.

## Excursion to Banff

There were sixty-five tickets sold  
at the Claresholm station for the  
excursion to Banff on Wednesday  
which was run under the auspices of  
the High River Methodist Sunday  
school. There was a large number  
last year but every thing considered  
the number this year made a very  
creditable showing. The party re-  
turned about 3 a. m.

## Notice to Parents

Owing to the forced re-classification  
of pupils in the Claresholm school at  
the first of April, no general promotion  
will be made at the end of June as  
usual, but will be deferred till the  
end of the year, save in the case of  
Standard four and higher Standards.  
H. W. Brownlee,  
Principal.

## Interesting Presentation

At a regular meeting of the Knights  
of Pythias held last night an interest-  
ing presentation was made in the  
form of a fruit basket to Knight Lister  
who returned last Monday from a  
trip up north bringing with him his  
bride. It was presented by C. C.  
E. C. Payne who in a short char-  
acteristic speech, conveyed the best  
wishes of the lodge to the newly  
married pair. The meeting became  
informal ending in a supper and  
smoker. Needless to say Knight Lister  
in accepting the token of the  
Lodges' esteem and regard for his  
future welfare and happiness, replied  
in very suitable terms.

## Notice of Dissolution of Partnership.

NOTICE is hereby given that the Co-partnership heretofore subsisting between us the undersigned as Livery Stable Keepers in the town of Claresholm, Alberta, under the firm name of "Gibson & Pratt", has this day been dissolved by mutual consent. The said business will hereafter be carried on by Frederick E. Gibson, by whom all debts of the old firm will be paid and to whom all outstanding debts due the old firm are to be paid.

DATED at Claresholm in Alberta this 20th day of June A. D. 1910.  
F. E. Gibson, L. M. Pratt  
Witness: Fred Laugmire.

The New Deering binder "best yet". Runs easy does good service and will give years of good service.

## See J. E. Ardell About Your Watch

Owing to the continued dry weather the auction sale announced by J. E. Ardell the jeweller has not developed as expected and Mr. Ardell wishes to announce that he will continue in business as usual. He has a large and well selected stock of jewellery and will specialize on the repair trade. If you have a watch out of repair, or one that is not keeping good time take it to Mr. Ardell. He guarantees to put it in shape. All kinds of repair work promptly and satisfactorily done. Mean while anyone wishing a real bargain in a new watch would make money by seeing Mr. Ardell.

The farmer who is careful and cautious buys a Massey-Harris Binder because it lasts longer, elevates better and is sure than any other make.

## A Trip to the Rockies

## To Review readers.

The writer and his helpmate, Roy Schram and mother, Chester Rick, S. A. Schram and wife and his little daughter Jesse as Massey, having just returned from a trip into the Rockies via Old Mans River Gap and being so impressed with the wild mountain scenery and the excellent atmosphere that it might possibly be of interest to you if we gave you some account of our experiences on the trip. We planned that about the middle of June would be about the right time to tackle the Gap before the flies got their stingers uncoiled and while our minds were troubled over the lack of dew drops on our grain. We figured that the absence of moisture would doubtless cause the water to be low at the Gap thereby reducing the danger of crossing and lighten our chances of getting some of the big Trout but in this we were disappointed as you will see later on. But right here I want to make a suggestion: don't start on that trip with a second hand team, harness, wagon or grit. If you are well supplied with the above mentioned articles and are fortunate enough to live to the ripe age of 140 you will never regret having made the trip especially if you encounter the good weather and luck that was ours. Our only accident being a broken reach to one of our wagons, which by the way was a heavy three seated hack. We went in via the Foot hills lumber company's sawmill, thence over the big hills into the rich sparsely settled valley which we followed in a southerly direction for some 18 miles or until we reached Waldoch Ranch near the Old Mans River which we crossed having to go some twenty rods down the river in the water in order to get up the other bank. We then headed about north-west over fine roads to Hoston, Pr. Ranch, about six miles from the Gap, from there to our camp ground about a mile above the Gap the journey was a mixture of prairie, awful hills, heavy timber and rugged rivers and contained more excitement and adventure than seven seasons of professional football or a lifetime in your armchair. At the Gap we had to cross the river three times in less than a mile where the river was some fifty feet wide and the water was from one to three feet in depths. The bed of the river being completely paved with cable stones arranged in a maze hard to see while the current was strong enough to swing our wagons around even when the water was only up to the front hubs and the risk of it almost drowned our voices. Of course we men folks weren't the least bit nervous although the women of our party had saved enough left to admit that they were never so scared in their lives. Coming back we discovered a bridge path high up the mountain side among the ridges, this the ladies followed thereby escaping two of the worst crossings. We saw some large trout "nearly two feet long" but the river seemed too high for fishing. We tried spoon hooks and others, besides all kinds of bait but only succeeded in capturing enough to keep for present use although we found grass hoppers and tiny spoon hooks to be the best persuaders. On our second day in the mountains Roy and myself decided to climb one of the tallest peaks to wade in the snow and after a fearful hard scramble of nearly four miles we got within forty rods of the "summit" which is only to find it is a gully with the prospects of reaching it so hard that we decided to use our strength to get to the peak and the slight that met our gaze on reaching the summit repaid us a thousand times over for the trip of 70 miles. We picked a small bouquet of tiny blue and white flowers on the summit growing among the ledges within a few rods of the snow. We found a few evergreen trees on the top but they were badly stunted some of them being two feet in diameter at the base and only twelve or sixteen feet high and boulders that looked like pine from the river bottom we found to be as large as the school house. How we wished that all our friends were up there with us and to say the least contemplating a trip to the mountains we say: buy, beg, borrow or steal a Kodak even if you have to tarry for ninety days at the barrens after you get back. It's worth it. We tried our guns with us and when nearly two miles up in the air we were surprised by a deer jumping up within a hundred feet of us, of course we were out of season but we earnestly hope that such a temptation will never be brought face to face with us again. I

have been wrestling with my conscience ever since. We found settlers up in the mountain valley but their patches of grain and gardens were not as far advanced as ours in fact by far the best grain that we saw on our whole journey is on the prairie this side of the creek but the best and fattest looking stock we found well toward the mountains. All the hills on the south slope being perfectly bare all the feed being in the ravines and on the north slopes. To the writer the hardest part of our journey was the long rides up and down the valley between the Foot hills in the boiling sun but one and all voted it the grandest trip of their lives, being even better than the trip to the ministers. The men of our party intended to go over the same route later in the Fall loaded for a bear and if we succeed in boring the bear with a bullet you may be bored with another long article from

Yours Truly,  
Fred Palmer.

## It's easy to grow plants in a Sunshine-heated home

Pure, Warm  
Sunshine Air

PEOPLE living in homes heated with ordinary furnaces often claim they cannot grow plants with any degree of success. This is due to the fact that ordinary furnaces are not provided with an Automatic Gas Damper. There is nothing to prevent coal-gas, which is deadly to plant life, being forced up through the registers.

Now, when the gas in the combustion chamber of the Sunshine reaches a certain pressure it forces open the Automatic Gas Damper and passes through the register is pure, warm, Sunshine air, laden with the finer degree of moisture from the water-gas. It's the kind of air that makes plants thrive and is good to breathe into your own lungs.

If you want to guard your home (and who doesn't) against evil-smelling, deadly coal gas order our agent to install the Sunshine furnace (pictured) in your cellar.

# It Costs \$40.00 For Doctor's Visit

On Alberta's Prairies—DR. CHASE'S Medicine and Receipt Book is a Very Popular Out-There.

The luxuries of city life are little known in the prairie towns of Western Canada. Where sickness comes people find it necessary to depend on their own resources to a great extent on account of the difficulty and expense of a doctor's visit.

By reading the letter quoted here you will form some idea of how Dr. Chase's Medicine and Receipt Book are appreciated in Alberta. This is not only due to the convenience of having these medicines on hand when occasion requires but is also owing to their wonderful reliability.

"What will you find such a restorative treatment as Dr. Chase's Nerve Food, to enrich the blood, strengthen the nerves and build up the run down system?"

Mr. Geo. Clay, Oxville, Alberta, writes: "I have always been a great admirer of Dr. Chase's Medicine and Co., Toronto.

## Not Far Wrong

"Say, ram," queried little Sylvester Spangman, "what's a test case?"

"A test case, my son," replied Bobbie, "is a case brought on to decide whether there's enough in it to justify the lawyers in working up a case."—Lippincott's.

A Boon for the Bileless—The liver is a very sensitive organ and easily deranged. When this happens, the under secretion of bile and the acid liquid flows into the stomach and causes it to be a most distressing ailment, and may prove to be it. In such a condition, a man cannot get any remedy in Farmen's Vegetable Pills, which are wanted to speedily correct the disorder. There is no better medicine in the entire list of pill preparations.

Tattered Timothy—My man, I've been tramping four years, 'm an it's all 'cause I heard that the doctors recommended walkin' as the best exercise. My Prim—Well, the doctors are right. Walk along.

SAVED IN HIS OLD AGE

Amnapolis, N. S. May 24, 1909—I am over eighty years of age and have been lame from rheumatism for many years. I have tried many medicines but got no help. I want to thank you for sending me the sample box of Gil's pills, which helped me.

I have taken six boxes of Gil's pills altogether, but got more relief than I had taken near that amount. I had to get up some nights every three or four days and had to use my instrument before I could urinate. Now I can lie in bed four or five hours without getting up.

W. H. PIERCE,  
C. (Dept. N.T.), Toronto, for free sample. Regular size 50c, for \$2.50.

Host (trying to make impression on guest)—Now then, Mary what have we here?

Mary—I've forgotten the new French name you told me to call it, sir, but it's 'ash'!

Do not forget that every ten cent packet of Wilson's Fly Pain will more than three hundred sheets of sticky paper.

Punch, the famous toilet pony, who carried the late Mr. Woolstrey through so many strenuous games in the United States, has just died at the age of 6, probably the oldest horse in the world.

Keep Minard's Liniment in the house.

A great prophetic on the prohibition of the liquor traffic throughout the whole of Sweden has resulted as follows: For prohibition, 1,700,000; against, 12,000.

Attacks of cholera and dysentery come quickly, their victims being warned of them. Remedial action must be taken, just as the patient is to be spared great suffering and permanent illness to the lining membranes of the bowels. The real test preparation for the purpose is Dr. K. K. Kallio's Dysentery Cordial. It can be got at small cost at any drug store or general dealer, and it will affect relief before a doctor can be called.

## DAMES AND DAUGHTERS.

A New York woman, the wife of Martin W. Littleton, a lawyer, is making an effort to substitute the title for her own society.

Mrs. Marie Kraus-Bote has just rejoined at her home in New York after a brief absence. Her husband, who was a big game hunter, has been killed.

Miss Marjory Boyden, a student at Wellesley college, has determined to earn her living from the soil. Immediately after her graduation she will take a farm on Long Island, where she proposes to grow vegetables and breed valuable stock.

Lady Marjorie Manser, eldest daughter of the Duke of Rutland, is a very clever society actress and has taken part in many recent theatrical entertainments at the court.

Miss P. L. Lammeter is still in the women to be appointed a mail carrier in France. Her route is in the little town of Chamelleux.

Mr. J. H. Lammeter is a very clever actress who performs her duties satisfactorily other women will be glad to see her.

House flies are hatched in manure and rot in filth. Scientists have discovered that they are largely responsible for the spread of cholera, typhoid, dysentery, and other diseases. For the welfare of your own family and in the interests of the public health, keep your house free from these dangerous and disgusting pests.

## A THIRD PARTY

The rumor that a third party is to be formed in the province is interesting but if third parties in the past are a criterion to go by it will be a short lived and an inconsequential affair. The only third party within the writers recollection that ever amounted to anything was the Patrons in Ontario and even after electing seventeen members to the legislature that party lacked cohesive qualities and went to pieces. About all it did after that was to work dissensions in the Liberal party, the seeds of which are not all healed to this day. If the inspiration of the present movement is to work ill for the Liberal party in Alberta the Review is of the opinion that it will be a futile effort. The private spite and soreness of a few individuals do not justify an appeal to the electorate at large because the people have but a passing interest in the disappointed ambitions of any one man. The third party could not come before the people with a plank that would not be taken up by one of the older parties if it were at all practical and feasible. The Review is not a hide bound in its party feelings. We believe in the square deal for the people no matter which party is in power and think that the Liberal and Conservative parties have quite enough division in the country.

The bulk of the Liberals and Conservatives are the ordinary rank and file of the people and they are just as anxious for good government as any third party could be made up as it would be sure to be of a coterie of gentlemen who are not big enough to reach prominence in the party, they are at present identified and want to form a clique in which they would be the big men.

Mr. Treagus of Calgary is said to be one of the leaders in the movement. Mr. Treagus is mistaken. He cannot lead a class movement to victory. History is against him. Any appeal which almost settles the class against the rest of society is too pious to live. Mr. Treagus is credited, with being a Liberal. If he is not satisfied with present conditions the logical course is to line up with the Conservative party and help defeat the party he has gone back on. He will then be where the people would have fair opportunity of sizing him up and it is surprising how some men shrink when their real measure is taken. The effort to appeal to the farmers as a class is mischievous and bound to work harm to the farmers. No class can live by itself. We are not a permanent. The farmer is dependent on the towns people as the latter are on the farmer. It is only by a mutual working together society can be made strong and if the day ever comes that one class arrays itself against the remainder of society it will be a disastrous day for the class. The Review has too much faith in the solid business sense and patriotism of the farmers of this fair province to think for one moment that they will be led astray by men whose whole object is to keep themselves in the spotlight and earn a notoriety of self glory.

The United Farmers society is a step in the right direction. It is a movement designed to help the farmers to be better farmers and to work together in their business interests. Politics are tabooed. The moment the political intriguer gets in his work the society will disrupt. Why should a good movement be killed because a few men with over lapping ambition yearn to be regarded as big men in politics? The farmers as a class cannot hope to successfully lead a political party any more than the merchants could, or the industrial classes in this country. The farmers would be more sure of getting the legislation they desire by influencing the big parties of today. Be independent in attitude and the Liberals and Conservatives will lose no time in formulating policies along lines asked for by the farmers. The farmers should not be led away by class appeals especially when the appeals are not sincere.

Beware of men who go about crying wolf for its nine in ten that they are the real wolves.

## LET US HAVE A BAND

The proposal to reorganize the band should be greeted with pleasure by every one. Claresholm at one time had a good band but it fell away owing to leadership difficulties and removals. There are at present in town a considerable number with band experience and there would be no trouble in getting up a musical organization which would be a credit to the town if the necessary support is forth coming. Men who do not expect to ever play in a band are taking a deep interest in the reorganization just to help on a good movement and if citizens generally would express approval of the proposal it would help considerably.

Mr. J. G. Clark of Irma, one of the best farmers and stock raisers in Alberta, has been elected by Edmonton inducement to take the field in Vermillion against Premier Sifton. The writer is a personal friend of Mr. Clark and is sorry he allowed the Edmonton bunch to lead him into a forlorn hope at this juncture. Party lines need not be drawn so very tight at the present time in provincial affairs and the good of the province should come first. Mr. Sifton is the only man with a following sufficient to carry on a government. He has promised good government and is entitled to a chance to make good. There are precious few who wish to precipitate a general campaign. They could be counted either in machine headquarters where party rule is considered above good rule. Mr. Clark has a future and he is earning it by yielding to the pleading of the Hyndman bunch from Edmonton who are not nearly so solicitous of Mr. Clark's political future as they are of making a demonstration against Mr. Sifton.

There has been a lot of foolish comment in the papers about the recent unpleasantness on the Granum baseball field in which a player got himself into trouble. The attempt of some papers to blame Granum and the Granum team for the row is rather too silly even for hot weather. Granum people had no more to do with the row than the pound keeper at Macleod has to do with the arrangements for crowning King George. It was a purely personal affair and the player implicated would be the first to admit that he acted rashly. Its all right to ensure roughness on the diamond but it is going too far to attach blame to the town and the other players. It is time to cut out the alleged wisdom about the Barker incident. He is sorry. It was personal and the offense has been punished. The incident is closed.

## WATCH CLARESHOLM GROW

Smedstad—On Sunday June 19th, to Mr. and Mrs. D. Smedstad a son. Burnham—On Tuesday June 21st, to Mr. and Mrs. W. C. Burnham a daughter.

Nowlin—On Tuesday June 14th, to Mr. and Mrs. T. W. Nowlin a daughter, still born.

## Invitation to Public

Hong Chong, who had the honor of erecting the first brick store in Claresholm, will open the Dominion Restaurant on Saturday and cordially invites the public to inspect his fine new premises. Hong Chong will serve tea from 2.30 to 5 p.m. on Saturday afternoon to all guests who will honor him with a call. There is no charge the tea takes the form of a reception in opening the new store.

Mr. Finlayson has returned from Scotland and brought over some of the finest Clydes and Hackneys ever brought into Alberta. He intends showing several open at Calgary, Winnipeg, Brandon and Vancouver Fairs and will also have an exhibit for the Claresholm Fair. One of the horses is a celebrated Hackney named Brotham Pioneer which has only been beaten once at a Scottish Fair and it was shown at all the big ones. Mr. Finlayson bought the horse at Sterling and values it at \$2,000. He says it was very old in Scotland and he wouldn't live there now for \$5,000 a year.

Dr. Wallwin of Barons had his nose broken by an overthrown ball in a baseball match between Carmangy and Barons.

Mr. L. H. Ughland left on a trip to Fort George on Friday. He has gone to the country over with a view to locating there.

Mr. A. J. Frost of the irrigation engineering staff was over from Medicine Hat for the week end the guest of his brother Mayor Frost.

Mr. John Edlund left on Saturday for Vancouver to attend the summer school of photography. Mr. Edlund is always on the hunt for the latest ideas.

Rev. R. D. Stamer and Mr. W. A. Cornwall were in attendance at the Anglican synod in Calgary last week. Mr. Cornwall was elected to the executive committee.

On Wednesday last week at the parsonage Rev. A. B. Argue pronounced the vows which made Mr. Charles Brouder of Carmangy and Miss Thyrn Tower of Sackville, N. B. man and wife. They will reside at Carmangy.

The Burt Union Big R. R. Shows will present Rip Van Winkle tonight in their big waterproof tents on the C.P.R. grounds near the depot. The Company come highly recommended by the press and public.

Messrs. J. B. Bove, T. F. Mosely, George Furrer and C. J. Breen are attending the Grand Lodge Knights of Pythias at Lethbridge this week representing Clareholm lodge.

W. J. Tegillius, his son, T. A. Swift of the Grain Growers Grain Co. and C. A. Magrath M. P. were the speakers at a meeting of the Wheatland Chapter of the United Farmers of Alberta held at Barons on Saturday. Mayor Frost was invited to speak but was unable to go. Mr. Quinsey presided and there was a gratifying attendance.

The mens' meeting in the Y. M. C. A. on Sunday afternoon was well attended and those present were privileged to listen to an address of exceptional strength by Mr. Thomason general secretary of the Lethbridge association. He made a plea for a foreword manhood which leaves its impress on all phases of life. Mr. Levitt presided, and the music was hearty and inspiring.

Mr. O. J. Wood who has been connected with the Union bank here for a number of years has been transferred to Carleton, one of the thriving new towns on the main line between Medicine Hat and Calgary. The exact nature of Mr. Wood's standing in the new position was not known when he left but it was expected that he would be disappointed acting manager.

Mr. Wood has won for himself the respect and high regard of every one in Clareholm and the kind of good wishes will follow him with the hope that the bank will recognise his worth in a substantial way. His courteous treatment of the banks patrons and his assiduous attention to the banks interests have contributed generously to the standing of the Union bank in Clareholm. Mr. Miller has always found him to be the kind of a man one could feel comfortable about and there wasn't a bank case to worry but that the banks interests would be well looked after by Mr. Wood. Scores of friends join in best wishes although regretting his removal.

R. E. Moffatt was in Calgary this week. Messrs. Price and Walls arranged to ship a car load of cattle on Friday bought from Mr. Macdonald and Mr. Hardwick of Lyndon. They were also to ship a car load of hogs.

Reports from the camp at Calgary show that the Clareholm-Meadow Creek squadron is winning honors all along the line. They are top notchers at the ranges and have won honorable mention in squad drill.

Mr. William Lister of the Review staff Journal North last week end on Monday was married at the Methodist parsonage, Carleton Place, to Miss Ida May Scott, daughter of Mr. and Mrs. E. A. Scott of Rawlensville. The nuptial vows were pronounced by Rev. W. R. Seeley. Mr. and Mrs. Lister returned on Monday night and will live together with the best wishes of many friends in which the Review joins heartily.

There is some talk of getting up a boys camp in connection with the Y. M. C. A. to spend a week or two in the foothills. This is a popular feature of Y. M. C. A. work elsewhere and gives boys from 10 to 16 years of age a chance to enjoy a jolly outing under good influences. If this idea appeals to the parents and boys here it might help some if the fact were announced.

The Epworth League of the Methodist church held a social evening Monday night at which there was games, a program of music and elocution and refreshments. Miss Ringrose presided and Miss Julia Soby, Miss Gray and Misses Lindfield and Rooks contributed musical selections. The evening was thoroughly enjoyed.

Mr. Andrew Miller a well known journalist for years on the Ottawa and Toronto papers and who last week sold the Western Herald, which he had been conducting for several months was in town for a few hours this past week making a fraternal call on the editor of the Review, who used to tramp the streets of Ottawa with him on the everlasting hunt for the news item. Mr. Miller is a cousin of Messrs. W. C. and John Miller of Clareholm.

Forty fully Oddfellows turned out for the decoration ceremonies last week which took the form of a general clean up at the cemetery. Every one brought along a rake, or hoe, or spade and two hours work told well. It was one of the other orders would hold a similar ceremony the cemetery would commence to be a credit to the town. Potted plants were put on the graves of departed Oddfellows the late James Clark, Archie Stevenson, Frank Miller and Mr. Jones.

Mr. J. W. Wooster was here this week from Valer, Montana and says the new town is thriving. He has a well located store on the main street. His farm is four miles out and overlooks Lake Francis and the elevation also permits of a good view of the town. Billy Lughfield has a swell modern house on the main line, fifty thousand dollar hotel and his farm, a half section butts against the big dam of irrigation company. Mr. Leuder also has a well located farm. In Montana the rain is doing as he Alberta dropping in spots and many of the new settlers are leaving the state.

The two young ladies who have been holding religious services in this district for some time seem to be getting converts. On Sunday services were held out west at the homes of W. H. Quail and Mr. Coulter and sixteen adults were immersed in Front creek on previous Sunday. The interesting was done by male preacher whose mission it seems to be to follow the young ladies and perform the ministerial functions. They call themselves "Disciples of Jesus." Services are being held this week in homes just west of town.

### MEADOW CREEK NOTES.

Mr. Tom Webster who recently went to look for land in B. C. came back and says "Alberta for me", and so say all of us.

We got one or two brief showers during the past week, but we need a whole lot more to make things alright.

The steam outfit of L. E. Maxwell plowed up to the end of the week and then had to quit owing to the dryness. It has done excellent work.

Quite a number of rigs made our vicinity their stopping place on Sunday. This is quite a favorite picnic spot.

We learn that a big crowd was going to celebrate Dominion Day by holding an open air festival. Full plans later on.

Mr. and Mrs. Clever of Nanton paid a surprise visit to old friends in the persons of Mr. and Mrs. Hart, who were their neighbors back in Wash. U. S. A.

We welcome Rev. Kenneth Kingston to Meadow Creek and trust he will speedily feel "right at home".

I desire to thank all the friends on Meadow Creek and district for their many kind expressions of good will towards me as I leave for other parts. Let me say that I shall cherish long the happy associations and memories which have been mine while on Meadow Creek. Herbert J. Godman.

# California oil will bring you Greater and Quicker Returns than any other INVESTMENT

You have heard of the wonderful wealth of the California Oil Fields-of how men who invested but a few dollars in various oil companies at their inception became independently wealthy in a night. The instances that we quote herewith, in which a hundred dollar original investment became worth as high as fifteen thousand dollars, are not exceptions.

Take for instance, if you had invested \$100 in the following companies, on the following basis, you would have made:

Silver Tip.....	\$ 600
W. K.....	1,000
Sterling.....	1,000
Premier.....	1,100
Monte Cristo.....	1,120
Record.....	2,000
S. P. & McK.....	2,000
Sandwich.....	4,100
Lucile.....	5,300
San Joaquin.....	5,700
Peerless.....	6,350
Korn River.....	9,500
Central Oil.....	15,000

"Pinal" shares sold at 25 cents, they are now selling at \$25 and paying monthly dividends of 15 per cent, an income of \$60 per month on an investment of \$100. When the "Silver Tip" came in, the stock jumped overnight from 66 cents to \$4 and has been paying dividends of 10 per cent ever since.

There is nothing phenomenal in such occurrences. Almost every day a well is being brought in by some company in the California oil fields, many of which are gushers, spouting thousands of barrels per day.

The "Lakeriver," for instance, came in a short time ago with 40,000 barrels a day.

"Silver Tip" with 25,000 barrels a day. The "Coalinga-Mowhawk" a wonderful flow of 12,000 barrels per day and we honestly believe that the "Coalinga-Eureka" property will produce as much, if not more, in her first well, as has any of the premier wells in this district.

We issue such a statement on the fact that the property controlled by this Company is so well situated, being within the proven oil zone and having in its immediate vicinity the largest producing oil wells in the world.

You will see the reason that in this proposition the element of chance is eliminated, and you are practically placing your money in a no-strategy thing. Never before have the public been afforded an opportunity to lay in on the ground floor in a proposition containing at the same time the minimum security for the money invested and the greatest probable profits.

**Remember that 96 per cent of the wells drilled in the Coalinga field produce oil.**

The small block of stock remaining to be sold at 25 cents per share will no doubt be taken up within a few days after this advertising announcement appears. This means that if you anticipate acquiring an interest in the California oil fields, through the purchase of shares in the Coalinga-Eureka Oil Company you must act quickly; either wire your reserve for a block of shares at once, or remit by first mail. If you wire, specify clearly the number of shares and send your cash deposit or all cash by first mail.

On receipt of wire, the secretary of the company will set aside the block requested, allowing sufficient time for a letter to reach the company's office from your home, if you take advantage of the first mail.

## Price of Shares 50 cents, July, 16th.

Do not overlook the fact that we have issued a statement that the price of every share in the company will be advanced to 50 cents on the morning of July 16th. It will be impossible for you to acquire Coalinga-Eureka oil shares after that date at a lower figure. Those who have taken advantage of the 25-cent offer will make 100 per cent on the money they have invested and will be in the category of great profits, since it is only a few weeks until the drills on our property will be down to the oil levels.

No man can become wealthy by leaving his money in the Savings Bank at a small rate of interest. You must invest your capital in a proposition which embraces the greatest security and a promise of early and handsome profits.

**OIL IS PRODUCING TO-DAY MORE MONEY AND GREATER WEALTH THAN ANY OTHER RESOURCE OR COMMODITY IN THE WORLD.** In a very short time all of the available property in the California fields that are within the proven oil zone will be taken up by capitalists or is the control of corporations.

Remember that the shares of this Company are non-assessable. Each share has a par value of \$100. Smallest block of stock sold 200 shares, on which payments are as follows:

47.50 will buy 200 shares.....par value \$ 200	237.50 will buy 1,000 shares.....par value 1,000
118.75 will buy 500 shares.....par value 500	

## Instalment Plan

## SPORTS

### By Grace of the Umpire

In a game which Clareholm had won easily and which was given to Clareholm by umpire Haines' decision, the final out came in the tenth innings was 10 to 9 in favor of Clareholm. It is left to Haines to say whether his decisions were intentional or not but they certainly robbed Clareholm of the game and there were two of the rulings which deprived us of runs. Haines refused to change his decisions but was quite accommodating in changing a decision given against Macleod. Perhaps the fact that Macleod did a lot of "cheating" influenced him while Clareholm players obeyed orders and did not disputing. It would be fair perhaps to say that Haines was mistaken but that doesn't alter the fact that he robbed us of the game. Clareholm had the game won in the ninth had it not been for the umpire. Giff pitched for Clareholm and pitched well. The boys tried hard to win, they did win but the decisions of Haines gives the credit to Macleod. Our boys had no trouble in building on Macleod's Macleod south paw and baited him freely. Giff was harder to hit and had a bunch of "fans" to his credit. He fanned the best Barnsted three times. Aside from the punk umpiring it was a good game and at times snappy enough for the most exciting blue-ribbon. Quite a number of rooters went to the meadow town and had the pleasure of riding home by a freight which reached here about two in the morning.

### Kill The Umpire

The game of baseball between Dud Munro's Green Shirts and the Star Line team on Tuesday night was much the best fun provided put on here for many a day. The crowd had a great night's laugh and the curtain was up all the time. Eric Moffatt was umpire and his determination to see that the boys from the Star Line get a fair shake added considerably to the fun. For the first three innings it looked as if the town boys were going to walk away with the country lads but after the third Mr. Nelsons bunt got busy and circled the bases at a bewildering pace. Mr. Hatch was the pill topper for the Star Line and Adolphe Amundsen for the Green Shirts. Both were hit freely but that didn't make any difference. This was a scoring game and the pitchers did course had to help out. The best of good nature prevailed and even when the umpire's decision did look a little like a blind man's ruling there was no scamp. Ken Simpson was base umpire and pronounced the fate of the runners. That he wasn't mobbed was due to the balling good nature of Adolphe and Dudley. The score was thirteen all in a seven inning game.

Star Line 0-0-0 5-3-2-13  
Green Shirts 4-0-0 1-2-1-13

The team were: Star Line, G. Nelson, C. Hatch, J. Nelson, Mr. Williams, Mr. Amundsen, R. Schram, C. Williams, Mr. Isenason and Mr. White. Clareholm: A. Amundsen, D. Munro, C. Solberg, G. Reynolds, Joe Griffith, C. Amundsen, Mr. Stewart, Mr. Fuller and Mr. Hook.

Attendance 9000. The Review

suggests that the play off be put on in town.

### Macleods Punk Sports

There was no game with Macleod on Wednesday. The Macleod team wouldn't come unless Clareholm put up \$50, as if the Macleod team were worth \$10. Clareholm wasn't helping to pay Macleods arrears of salaries and the game was declared off. It likely means that there will be no more professional ball in Clareholm and its death in Southern Alberta is not far off. The financial pace is too killing. The salaries paid here are right up to the Western league and the revenues very much below that point. The score these small towns get back to purely amateur ball the better for sport. It may not be quite so exciting but it will please the average fan quite as well. No one would mind a defeat then but at present with players costing \$100 a month victory is expected and when it doesn't come there is a howl. It also tends to gambling and as that does not tend to good citizenship it is just as well that professional ball should go to the wall. Macleod team is in a hurry to play here on Wednesday displayed to the sports the fact that the heavy town nine are a bunch of cheap ones.

### Wells vs Tucker

The preliminary hearing of the case against "Dr." Tucker charged with giving a woman named Mrs. William Wells drugs with a view to causing an abortion was commenced before Magistrate Canine on Monday and after hearing part of the evidence a further remand was made until Friday to allow time for the report from the provincial analyst as to the nature of the drugs used.

Mr. W. Campbell crown prosecutor, Macleod, was in attendance and the defence was in charge of P. J. Nolan & Calgary. The evidence was rather too salacious for publication but it may not be out of place to state that Mrs. Wells admitted that she had co-habited frequently with the defendant from March last up to May 25th. She said that her reason for laying the information was that she had thought that Tucker had left Clareholm never to return, that she had written two letters which were never answered and she then got busy with the courts. She thought that Tucker might have contributed to her support and that was her only reason for the prosecution. Up to May 25th they were the best of friends and on immorally intimate terms. The woman swore that she is only twenty years of age, has been married four years, has a child living and one dead. She has been separated from her husband for a year ago last April and she didn't know why he left except that he was afraid of arrest for not paying his debts. She doesn't care whether she ever sees him again and is engaged to be married to an Edmonton man. It was her intention to go to Seattle this Fall and get a divorce from Wells. She has been living in Calgary for some time principally in Riverside but since March had been engaged at the Arlington hotel where the immoral relations with "Dr." Tucker commenced and continued until they came to Clareholm in May. The woman said that she had spent two months in the Salvation Army Rescue home in Calgary. Calgary has sent her by Chief of Police Mackie.

The Review regrets feeling it necessary to give these details but believes the public here should be advised as to the character of this pair.

**Frost & Wood No. 3 Binder**  
**Has a Strong "Back Bone"**

The Frost & Wood No. 3 Binder is built to stand more hard knocks than a  
binder is commonly supposed to encounter. Striking a boulder or bumping over  
rough ground does not affect this binder. That's because the binder's back bone  
consists of heavy pieces of steel firmly riveted together and because the plat-  
form is connected to the main power frame by a double steel brace. It's the  
Quality in material and workmanship that the makers put into the Frost &  
Wood No. 3 Binder that enables it to give three to five times as many years of  
service as ordinary binders.

We would like the privilege of showing you the construction of this binder.  
Then you can be your own judge as to its strength. We would also like to point  
out to you the Advantages of the Eccentric Brocket Wheel, which is found on  
no other binder. This Eccentric Brocket Wheel makes mowing, more compact,  
easier-to-shock handles and dis-  
charges them faster than ordinary  
binders. We also wish you to see  
the No. 3 Knoster, which never  
hesitates an instant, no matter how  
hard and fast you ask it to work.
